Philadelphia, PA 19103

Dear Mr. Brown

Thank you for the wonderful **Comic Book Stars Workshop** that you presented at the **Lucien E. Blackwell West Philadelphia Regional Library** on Wednesday, March 17, 2010. Your presentation was entertaining, educational and fun. You developed a wonderful rapport with the young attendees and interacted with the different personalities and handled the various levels of energy very well. It was amazing to see how the many shapes that you drew all came together to form such creative and vibrant characters. I also like that the workshop incorporated reading, writing and drawing as this provided attendees with a broad and all encompassing experience. I hope that you will consider presenting this workshop at our library again. I reiterate my thanks and appreciation to you for presenting this wonderful and artistic program at our library.

Sincerely,

Barbara Ann Brown, Librarian 2
